There are so many great reasons to shop at a local farmers market. Primarily, you will get access to fresh, locally grown food!

Farmers markets have fruits and vegetables at the peak of the growing season. This means produce is at its freshest and tastes the best!

The food is typically grown near where you live, not thousands of miles away. Shopping at farmers markets also supports our local farmers and keeps the money you spend on food closer to your neighborhood.

How about trying something new? You can have the opportunity to meet the grower and sample some of their delicious fruits and vegetables. Farmers can also offer recommendations and tips for preparing their fresh produce.

Tallahassee has a strong sense of community and the Farmers Market is the perfect place to get to know your neighbors! Visitors enjoy the laid back atmosphere on a Saturday morning and stroll up and down the aisles perusing the goods and chatting with new friends.

What a great way to support our local growers and economy, while sharing conversation and good will!

Farmers markets are family friendly! What a great way for the kids to learn healthy food options and help select delicious fruits and vegetables. They will benefit from the community involvement as well.

Many Farmers Markets will also attract artists, crafters, food vendors and entertainment. It's a great opportunity to pick up your fresh produce and enjoy a delightful day at the market.

Here is a list of Tallahassee's Farmers Markets:

Remember when you were a kid in the hot Florida weather? The best thing about Spring and Summer was bringing out the water toys; the sprinklers, squirt guns, and of course the good ole Slip-N-Slide.

When we were kids we thought life couldn't get better - well folks, it has! Imagine the excitement of that cool slip-n-slide on a massive scale ... for adults!

On Saturday, April 23, 2016, Tallahassee will be hosting its second annual Slide The City event to kick off at Macomb St. and Madison St. near the Civic Center.

This world-record slide comes with 1000 feet of pure adrenaline as a family friendly water party event going right through the streets of our great city.

There will be live music, food, drinks, water, and of course the world's largest slip-n-slide to ever hit the asphalt. The slide is cushioned to protect its

participants, and all party-goers must use a flotation device.

Spectators are encouraged to bring water buckets, squirt guns, super soakers, or anything they can think of to keep the water flowing and splash the sliders on their way down.

Participants can choose between a Single Slider (one trip down), Triple Slider (3 trips down), or Ultimate Slider (unlimited trips down).

Starting at just \$20, you get an entry wristband, drawstring bag, and a mouth guard - yes it can get that crazy ... crazy FUN!

All participants must bring an inflatable tube to slide with or may purchase one at the event.

Just imagine the awesomeness that awaits you. Just when you thought that being an adult was no fun, something like this happens!

I hope you see you there!

Discover Another Great Tallahassee Park

If you've ever driven down Meridian Road, you've probably noticed the Forrest Meadows Athletic Center with its 19 lighted tennis courts, tennis backboards, 3 indoor racquetball courts, 1 indoor squash court, 2 weight rooms, and luxurious locker rooms with a unisex spa.

What you may not have noticed is that this Athletic Center is adjacent to Elinor Klapp-Phipps Park, a beautiful 670 acre tract of land on the eastern shore of Lake Jackson.

The Elinor Klapp-Phipps Park (EKP Park), through the cooperative efforts of the Northwest Florida Water Management District, the City of Tallahassee, and the property owner, Colin Phipps, was purchased in October of 1992.

The City purchased 162 acres outright, containing two existing active recreation areas. The Meadows Soccer Complex on Millers Landing Road will continue to function as a youth and adult soccer facility, and the Meridian Park area has been re-developed as a multi-use youth sports complex.

The vast majority of the park, over 600 acres, is utilized for passive forms of recreation and environmental

education.

The property was once part of a much larger parcel known as Ayavalla Plantation. The Park is named in honor of Elinor Klapp-Phipps, nicknamed "Klippy," mother of Colin Phipps and wife of John H. Phipps.

The Park is managed for recreation and to preserve and restore watershed for Lake Jackson. There are 10 miles of shared-use trails that include mountain biking and equestrian use, 7 miles of dedicated hiking trails, and 4 miles of dedicated mountain bike trails.

Maclay Gardens State Park can be accessed via a pedestrian crossing of N. Meridian Road, on the east side of the Park, next to Forestmeadows or by entering Maclay Gardens State Park's main entrance on Thomasville Road.

Together the state park and EKP Park properties create a unique greenway corridor stretching over 4 miles across north Tallahassee. The Park is also home to the Red Hills International Horse Trials.

Please take a day trip and visit this beautiful park. Now that the weather is starting to warm up, get outside and enjoy the fresh Tallahassee air!

Do you have recommendations for cool places or events to visit in or around Tallahassee?

Springtime Blooms In Tallahassee!

Tallahassee is one of the prettiest places on earth in the spring when the trees pop out their leaves and the abundant flowers open to the sun.

It is most befitting that the city hold an annual festival to celebrate this beautiful time of year!

"Springtime Tallahassee" is held over a weekend and includes a parade, arts and crafts and lots of food, all designed to ensure that attendees enjoy the fabulous sights and sounds of the festival.

The 48th Annual Springtime Festival kicks off April 1st at 6pm on Kleman Plaza. A variety of opening acts will perform from 6-9, and at 9 pm country singer Josh Turner will take the stage to entertain the crowd.

A Beer Garden is located in the Plaza and will provide beer, wine and soft drinks for your enjoyment.

Saturday morning starts bright and early with the 41st Annual Springtime Tallahassee 10k race followed shortly thereafter with the opening of Jubilee in the Park. You'll find food, music, and arts and crafts ...plenty to get your senses working!

And at 10:30 – the main event: The Springtime Tallahassee Parade! The theme for the parade this year is "Let the FUNshine In"!

The Grand Marshal of the parade this year is TCC President Dr. Jim Murdaugh. He was chosen for the honor based on the wonderful contributions he has made to TCC and the Tallahassee community at large!

In the early years of Springtime Tallahassee, the event leaders wanted to develop something for the festival that emphasized Tallahassee's varied historical background. They came up with the idea of creating five Krewes, one for each of the major time periods in the city's history: Spanish, American Territory, Antebellum Statehood, War & Reconstruction and 20th Century.

The Springtime Tallahassee Parade is one of the largest in the southeast, attracting over 70,000 attendees and providing colorful entertainment for everyone.

Clear Your Clutter With Feng Shui!

Feng Shui is an ancient art and science developed over 3,000 years ago in China. It is a complex body of knowledge that reveals how to balance the energies of any given space to assure health and good fortune for the people who inhabit it.

Why not bring this ancient art to your home in Tallahassee? A home that is harmonious is a place that can accommodate a variety of activities and people without losing its healing essence.

When you implement this process into your home you create a space that has balance, harmony and a sense of positive energy.

The beauty of this creation process is that the more love you put into your space the more love you receive. Your home is a metaphor for you and your family's life; it represents who you are and what value you place on your space and your life.

Instead of having your energy blocked, focus on absorbing high Feng Shui energy from inspiring images, colors and various Feng Shui 'fixes' to uncover positive 'Chi'.

You will live in harmony by creating and learning how to determine which elements in your home work for you and which work against you. Additionally, you will learn how to cleanse your home of not only clutter but how to bring harmony into your home and your life.

Before we can implement Feng Shui (pronounced 'fung shway') into your life, you must first clear the clutter. Your life

would improve tremendously if only you can free yourself from the disturbing amount of possessions you have in your home and life.

So here is a short list of things you can do right now to organize your home and your life to help you feel better almost immediately.

1. De-Clutter by getting rid of things in your home that you no longer use or that are broken.
2. Dust and Vacuum to promote healthy living.
3. Meditate for 5 minutes on a daily basis. You don't have to sit cross legged to do it either ... [try moving meditation instead](#). It's important to "still your mind" every once in a while.
4. Create a Vision Board that represents what you intend to manifest in your life.

Put these four tips into practice and start to live your best life today!
